

News Letter & Alumni Bulletin

FEBRUARY 1975

Published by ALUMNI ASSOCIATION of MASSACHUSETTS COLLEGE of OPTOMETRY

Deadline For Fun

March 3 is the firm cutoff date for tickets to Harvard's Hasty Pudding show, "Put Up Your Dukes," on March 15. Advance sales are billowing.

In a benefit performance for MCO, the hirsute Harvardian chorus line is kicking heels and humor to unheard-of heights in the traditionally punfilled evening. 1975 marks the 127th annual production of the internationally famous Hasty Pudding Club.

Timed to correspond with the NECO Congress, the MCO Benefit is sponsored by the Auxiliary to the Mass. Society of Optometrists and the MCO Alumni Association, with the endorsement of the New England Council of Optometrists.

As a convenience to theatre-goers from out-of-town, a chartered bus will shuttle the MCO party from the Sheraton-Boston to the Hasty Pudding Club at 12 Holyoke St., Cambridge. Transportation charge, according to Joseph Jefferson, MCO vice president, will be "just 150 (common) cents for the round trip"—a real bargain. Mr. Jefferson also remarked, with an off-the-cuff lisp, "Save your pence."

A champagne party follows the performance, and the MCO community is expecting the Hasty Pudding venture to be a thoroughly un-sobering experience.

Tickets to the Benefit are just \$10.00. Order yours today. Send your check (payable to MCO Theatre Party Benefit) to Mrs. Roland Blanchard, MCO, 424 Beacon St., Boston 02115.

EDITOR'S CORNER

You have noticed, we're sure, that you are reading an MCO Newsletter/Bulletin, published again after a two-year lapse. The Editorial Board is considering publishing the Bulletin on a bi-monthly basis, reserving the Alumni Journal for just once a year. We are very eager to hear the response of our readers to this proposal for a more frequent method of communication.

The Alumni Association exists for you. Its publications are for you. Don't let just a few people make decisions about your needs. Please drop us a line and let us know your preference.

Building Drive Gathering Momentum

Phase II of our \$675,000 building drive is moving into high gear.

Joseph Jefferson, MCO Vice President, reported that some donors not only have paid up their pledges, but exceeded them. Jefferson said that telephone and mail follow-ups will reach those who are behind on pledge payments.

One of the most generous gifts to the campaign came from the late Dr. Abraham Rosenstein, of Durham, N.C. Before his death in 1974, Dr. Rosenstein completely paid his \$5,000 pledge to the building drive. This was followed by a \$5,000 bequest which has been applied to the Endowment Fund. Although Dr. Rosenstein did not attend MCO, his son, Robert, received his O.D. here in 1974.

"In the immediate future we will focus on recovering about \$60,000 in back pledges," Jefferson said. He reported that actual gifts and pledges now exceed well over \$400,000. Meanwhile a Development Committee from the Board of Trustees also is being organized to help with the drive.

William R. Baldwin

BALDWIN APPOINTED TO AO BOARD

MCO President William R. Baldwin, O.D., Ph.D., has been appointed to the board of directors of the American Optical Corporation, according to AO Chairman of the Board Robert T. Wieringa, president of Warner Lambert.

Dr. Baldwin has been professionally associated with American Optical for the last two years, assisting in the development of professional seminar programs.

MCO Visual Electrophysiology Clinic Services Resumed

The MCO Visual Electrophysiology Clinic has resumed service, according to Dr. James Walters, director of the clinic. Open from 9:30 to noon on Mondays and Fridays, the clinic will be staffed by fourth-year students from pediatric and rehabilitative clinical rotations, under the supervision of Dr. Walters and his associates.

Services available through the clinic include electro-retinography, electro-oculography, dark adaptation examination (using a Goldman adaptometer), fundus photography (135 mm color slides), and a visually evoked response (VER) exam.

Referrals to the Visual Electrophysiology Clinic should be documented with a summary of the patient's medical history, including current optometric and ophthalmological conditions, as well as with a letter describing the condition for which the patient is referred and the informational goals sought by the evaluation. Documentation should be sent to the clinic at least five working days before the appointment.

A report will be forwarded to the referring professional.

For further information, or to make an appointment, please call the MCO Specialties Clinic at 261-8410.

APPOINTMENTS

Frederick Mandell, M.D., has been appointed to the pediatric faculty. Dr. Mandell is an Associate in Medicine to the Children's Hospital Medical Center, and a faculty member at Harvard Medical School, Boston College School of Nursing, and the Macy Program for Pediatric Clinical Specialists. He is head of the Growth Assessment Program Clinic at Children's Hospital and a trustee of the Massachusetts Chapter of Sudden Infant Death.

William Smith, O.D., D.O.S., F.A.A.O., has also joined the pediatric faculty. Dr. Smith, a specialist in orthoptics, is the author of many texts and has lectured widely in his field, both in this country and abroad. In private practice for many years in Brookline, Dr. Smith has also directed the orthoptic clinic of the New England Medical Center. Dr. Smith is a life member of the A.O.A., N.E.C.O., M.S.O., and B.S.O. He has received many honors, and is listed in *Leaders in American Science*.

Philip N. Richmond, O.D., has been appointed to the MCO Adjunct Clinical Faculty. President-elect of the Massachusetts Society of Optometrists, Dr. Richmond has served as chairman of the Boston Society of Optometrists and has been a leader in civic activities. He has been president of the Greater Boston Council of B'nai B'rith, chairman of the New England B'nai B'rith Youth Organization, and is a member of the board of the New England Anti Defamation League. He is a graduate of Harvard College (A.B.) and Pennsylvania College of Optometry (O.D.).

Benjamin Andre Quamina, M.D., an ophthalmologist, has been appointed to the MCO Adjunct Clinical Faculty. In private practice in Boston, Dr. Quamina has been director of the Boston University drug program through the Department of Psychiatry at University Hospital, and has also directed the Halfway House Project for Groupways, Inc., in Boston. Dr. Quamina earned M.A. and M.D. degrees at Boston University. His undergraduate work was done at Duquesne University.

NOTICE

The New England Chapter of the American Academy of Optometry annually awards one hundred dollars to the student in the four-year program who submits the best publishable paper on an optometric subject. While papers on any subject are eligible for consideration, those involving the performance of clinically-related research are viewed most favorably. To be considered in a given year, the paper should be submitted before March 1 of that year. The Executive Committee of the New England Chapter will review all papers submitted and select the award-winning paper. At the spring meeting of the Academy, a certificate and a check for \$100 will be presented to the author of the paper, who will make a presentation of his material.

Interested students should contact Dr. Wittenberg.

CONTINUING EDUCATION NEWS

WITTENBERG APPOINTED DIRECTOR

Dr. Sidney Wittenberg has been appointed Director of the Division of Continuing Education at MCO by Dr. William R. Baldwin, president of the college.

Dr. Wittenberg will design a comprehensive program of continuing education, taking into account the needs of practicing optometrists in New England. "I am planning," he said, "to develop new courses based on what eye care specialists feel they need." He further stressed that he planned to serve both professional education needs as well as subsidize overall goals of the college through the continuing education division.

An associate professor at MCO, Dr. Wittenberg is also Director of Applied Research Laboratories at MCO. He is a graduate of City College of New York, has an M.S. in optometry from Columbia University, and an O.D. from MCO. His extensive background in research has led to the publication of many articles in periodicals and journals of the optometric profession. He was also recently awarded a patent for a laser refraction device.

NEW PHARMACOLOGY COURSE

"Pharmacology for Optometrists" will be the fourth offering of MCO's postgraduate program.

As a convenience to practitioners, the lecture portion of the program will be conducted in West Springfield, Massachusetts, on ten Wednesdays, beginning March 5, 1975, and distributed through June. Exact dates are being scheduled to avoid conflict with other optometric programs.

Weekly sessions of five or six hours will make up a total of 56 lecture hours. An intense three-day clinical program will follow.

Areas to be covered include

1. A brief review of organic chemistry.
2. Basic physiology, including the autonomic nervous system — fundamentals of how ocular and systemic drugs work.
3. Methods of administration of topical ocular drugs, including concepts of preparation.
4. Absorption, distribution, metabolism, excretion, and toxicity of drugs.
5. Over-the-counter drugs and contact lens solutions.
6. Local and general anesthetics.
7. Cardiac physiology, anticoagulants, histaminic and antihistaminic agents.
8. Diuretics and the G-I system.
9. Vitamins.
10. Antidepressants, drug addiction, antipyretics, and analgesics.
11. Systemic diseases and their medications.
12. Glaucoma and glaucoma chemotherapy.
13. Ocular and systemic effects of drugs.
14. Antiseptics, disinfectants, dyes, chemotherapy.
15. Legal implications of the use of drugs.
16. The utilization of diagnostic pharmaceuticals in practice.

Commencement of the course is contingent on a minimum enrollment of 30 optometrists. Cost for the combined clinical and didactic portions of the program is \$370.

For more information, or to enroll in the program, please contact Sidney Wittenberg, O.D., Director, Division of Continuing Education, Massachusetts College of Optometry, 424 Beacon St., Boston, MA 02115, telephone (617) 261-3430. If you wish to enroll, please include a deposit of \$100.00, payable to the Massachusetts College of Optometry.

ALUMNI NEWS

ALUMNI OFFICERS ELECTED AT ALUMNI/SENIOR DINNER

Slate of Officers — Officers of the Alumni Association for 1975-1976 are as follows:

President, Dr. Henry Boroyan, class of '69
Vice President, Dr. Lester Brackley, class of '68
Executive Secretary, Dr. Morris Berman, class of '30

Directors will be Dr. Mary Scott, '68, Dr. Irving Fradkin, '43, Dr. Fred Rose, '64 and Dr. Alan Grossman, '68.

Officers will be sworn in at the Alumni Luncheon on March 16.

Dinner success — again — Some 97 alumni, seniors, faculty and administrators attended the annual Alumni Association dinner for seniors, held at the Playboy Club in Boston on Friday, Feb. 7.

Members of the graduating class and the second-year members of the two-year Ph.D. class were guests of the Alumni Association.

Norwood Lions Hold Free Glaucoma Clinic With MCO Student Assistance

Dr. Thomas A. Couch, MCO '55, Sight Conservation Chairman for the Norwood Lions Club, reported a successful free glaucoma clinic run by the Lions in Norwood, Massachusetts in November.

Assisted by **Dr. Richard Tarbell, MCO '74**, and MCO students Richard Kmetzo, Al Thompson, and Fred Valentine, 125 people were screened with AO noncontact tonometers. Dr. Couch reported that 25 cases were referred for followup: eight for glaucoma, eight for visual acuity, four for cataracts, and four for other reasons.

MCO student Fred Valentine examines a patient for glaucoma at the Norwood Lions screening held in November.

MCO Grad Elected Mayor

Dr. Clifford B. Simons, MCO '63, was elected mayor of Bloomfield, Conn.

Dr. Simons has played an active role in both professional and civic pursuits. A member of the Bloomfield Democratic Town Committee since 1970, and a town Councilman in 1970, he also has been president of the Bloomfield Rotary Club and the Bloomfield Jaycees. The Jaycees also elected him "Outstanding Young Man of the Year" in 1965, and named him Bloomfield Distinguished Service Award winner for 1969. He has also been active at the state level of Jaycees.

He was organizer of the town's Midget Football League, serving as president, and now as chairman of the board. He was also president of the Hartford Mutual Society.

Professionally, Dr. Simons has been vice-president of the Hartford County Optometric Society, treasurer of the Conn. Vision Service Corp., and is affiliated with the National Eye Research Foundation.

He is in private practice in Bloomfield, a partner in Claghese and Simons. He and his wife, Judith, live on Cliffmount Drive in Bloomfield with their two children, Kenneth Andrew and Karen Beth.

Lippman Joins U.S.P.H.S. Staten Island Hospital

Richard E. Lippman, O.D., MCO '68, is now staff optometrist of the Dept. of Ophthalmology at the U.S.P.H.S. Hospital in Staten Island, N.Y. He instructs resident ophthalmologists in the contact lens program and teaches refractive techniques and other diagnostic optometric examination techniques.

In addition to a normal operational load of patients, and inpatient consultations, Dr. Lippman gives periodic conference talks on various areas of optometric interest.

"The Senior Attending Staff position is innovative," Dr. Lippman said, "in that it is one of the total of seven in the U.S."

He and his wife Susan live at 135 Ocean Parkway in Brooklyn, N.Y. 11218

Dr. Charles S. Bailey, MCO '74, and his wife Joyce of R. 1, Ilion Ave., Chariton, Iowa, announce the birth of their second child, Amy Elizabeth, born August 20, 1974. She joins a brother, Charles III, who is now three years old.

Dr. Dell Elected to American Academy of Optometry

Dr. William M. Dell, Acting Chief of Staff of the Division of Clinical Services of MCO, has been elected to Fellowship in the American Academy of Optometry.

Dr. Dell is also Acting Director of the MCO General Clinic, Optometric Coordinator of the Pathology Clinic, and Director of the Externship Program.

A 1967 graduate of New York University (A.B. in economics), Dr. Dell did graduate work in economics at Columbia University before earning B.S. and O.D. degrees from MCO in 1972.

He is a member of the American Optometric Association, the Massachusetts Society of Optometrists, the New England Council of Optometrists, the Society for Visual Care, the New England Diabetes Association, and the American Association for the Advancement of Science.

Accelerated Optometric Technicians Program

The Massachusetts College of Optometry and Fisher Junior College offer an accelerated Optometric Technicians Program for students who have successfully completed one or more years of college. After an eight-week summer session, the applicant enters the second year of the two-year program, thus finishing the course in one calendar year. Graduates receive an Associate in Science degree from Fisher Junior College.

For information concerning transfer of credits please contact:

EYEBALL 75

The 1975 Eyeball will be held Sat., March 8 at the Somerset Hotel in Boston. The entire MCO community is invited to attend. Tickets for alumni, faculty, administration, clinical staff, and office staff are available at \$30 per couple. Ticket price includes music and dancing, a roast beef dinner, one free drink per person, hors d'oeuvres, and free parking at the Somerset garage. Deadline for ticket sales is March 3.

Special Message from Library

Eleanor Warner, MCO Librarian, is seeking a long out-of-print two-volume set for the library: E.H. Water's *Ophthalmic Optics*, 5th edition (1945, reprinted in 1955). Can anyone in the optometric community help by donating copies?

ACTIVE ALUMNI MEMBERSHIP FOR 1974

The following list of Alumni includes those who, by paying their 1974 dues, have made it possible for the Alumni Association to function as an organization dedicated to the interests of M.C.O. This list is corrected to 1/31/75. If your name should have been included, please contact Dr. Morris L. Berman, Executive Secretary, 424 Beacon St., Boston, MA 02115 and the necessary correction will be made.
